

At a glance guide to Corporate legal services in Asia

Our skilled corporate lawyers advise on a broad range of industry sectors, commercial opportunities and investment-related transactions, and bring their experience and knowledge to bear on each instruction.

We are market leaders for IPO transactions, SPAC listings and de-SPAC transactions, acting on some of the most complex and high profile deals in the region.

We act for a number of leading global financial institutions, investment managers and corporate entities and are also instructed by many leading law firms and intermediaries.
